### **EXAMINER'S AMENDMENT**

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

**In the Abstract:**

lines 1-2 the phrase "is provided. The drag box" has been deleted.

The following is an examiner's statement of reasons for allowance:

Both independent claims make reference to the structure of and use of "a non-rigid connecting structure"; which as disclosed comprises a pull-bar (12), having a pair of pull rings (14) and attachment rings (16). A respective cable (17) is received through the attachment rings (16), such that the frame assembly (20) is suspended by the cables (17), as at tie points (18a, 18b). The unique suspension arrangement permits manipulation of the drag box, in a manner not anticipated nor obvious to the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
